OUR PROCESS

PLACING YOUR ORDER

To place an order, please email us at parksideprints@gmail.com with your details and we will provide a detailed quote. We recommend scheduling a meeting or phone/email consultation to discuss your wedding stationery needs.

WORDING & CUSTOMIZATION

Please email us all of the wording for each piece of stationery you would like to order, including any enclosure cards and the return address for the envelopes. Fonts and colors are customizable on the majority of our designs.

PROOFING & PRINTING

After we receive your order, signed contract, and 50% deposit payment, we will design your invitations and email you a PDF file of the designs to review and make any edits.

You may make up to three rounds of changes to the designs, and with each round we will email you a new PDF. Each additional proof is \$15, so please take the time to proofread carefully and note any changes clearly.

Please note that colors in digital PDF proofs may vary slightly from actual printed pieces depending on your computer monitor calibration.

Our designs are printed using professional printing techniques on the highest quality stocks. Flat printing, letterpress, foil stamping, thermography, and embossing/debossing are available.

PRICING & PAYMENT

50% of your total order is due with signed contract, deposits are non-refundable after work has begun on your suite. We will keep you informed of any changes to your quote throughout the process. Final payment of balance is due before we ship your completed order.

TIMING & SHIPPING

Once your design is finalized, please allow at least 1-2 weeks for the production of digital orders and 2-3 weeks for specialty printing or assembly (foiling, letterpress, embossing). We will ship your invitations via USPS Priority or FedEx. Rush shipping is available at an additional charge.

OUR PRICING

Pricing is based on our Semi-Custom Collection Wedding Invitation Suite designs (www.parksideprints.com/weddings). Custom designs are always welcomed, please contact us with your details for pricing.

Our paper goods are produced using professional printing techniques on the highest quality stocks. Flat (digital) printing is on 130# cover stock.

Letterpress is printed on 110# cotton stock. Add 20% for a double-thick stock.
